MARCONN CAMP ECO SMART PEDESTALS

100% sustainable and recycled casing

App and web platform for control and management of pedestals

Installation and after sales service

Eco smart pedestals for campsites, caravan areas and any space that requires water and electricity supply.

**WE MANUFACTURE,
CUSTOMISE AND
ADAPT TO YOUR IDEA.**

**100% RECYCLABLE
AND RECYCLED
MATERIALS**

**First pedestal designed with
environmental awareness in mind.**

Improve efficiency, control and optimisation of consumption, thus promoting the environmental awareness of its users.

MARCONN CAMP URBAN

MARCONN CAMP OCEANIC

**EMIT
75%
LESS*
CO₂!**

Oceanic recycling comes from cups collected from the ocean or fishermen's nets and urban recycling from recycling plants.

**Customisable from the start of
the project.**

*Pedestals made from MARCONN recycled plastic emit 74,9% less co2 than those made from aluminium.
